Dear Sister Tomoko,

As the days have passed, the devastating damage caused by the Noto Peninsula Earthquake has become clearer, and we express our condolences for the loss of life and deep sympathies to the many people who are in difficult situation.

We have learned that RENGO set up a Task Force, with you as the head, to gather information on the damage suffered by members and to carry out necessary support activities in the affected areas. I would like to express my respect for RENGO's unselfish and quick initiative.

I would like to advise that the ITUC-AP will donate approximately USD10,000 from its Natural Disaster Relief Fund in the hope that it will be of assistance to RENGO's efforts. We would appreciate it if you could provide us with information on a RENGO's special bank account for accepting donations.

We are all with RENGO and the Japanese people.

Yours sincerely,

Shoya Yoshida  
General Secretary
